

Asymmetrical Dance

Richard Byrd

Asymmetrical Dance for Brass Quintet and Rhythm is based on an original composition for solo trumpet and piano that was commissioned by the 2014 Kentucky Music Teachers Association Pedagogical Composer Commission and premiered by the composer at the conference. The composition features rhythmic innovations from the first half of the 20th Century.

Rhythmic techniques explored in this work include mixed meter, asymmetrical meter, and hemiola, as well as implied metric modulation and implied polymeter. The overall style is a blend of jazz-infused rhythmic and melodic elements with twentieth-century rhythmic techniques. This work explores these various rhythmic techniques not only through the individual brass parts but also in the relationship among the parts. Asymmetrical mixed meters are strategically juxtaposed so as to explore “consistent inconsistencies” with the unexpected anomalies occurring most frequently at cadences.
