Spersia

Eric Woolston

Spersia is a musical description of the combination of Spanish and Persian culture with emphasis on the use of space and motivic development.

Make sure to use the concept of space in this piece and take your time with it. It is meant to be very expressive and in some ways ghost-like. Also feel free to take some liberties with the dynamics. Add your own voice to the piece.

Eric Woolston has been passionate about music ever since the age of four when he began his first piano lesson. He is currently pursuing studies in jazz after having completed his honours music degree at Wilfrid Laurier University.
